Virginia			1			1						1	1					2	
Washington	6		1 ^c			1-hops	1	1 ^c	1	3	1				1	2 ^b		14	
Wisconsin	2-cran- berry		1 ^c							1		1						4	
Wyoming		1	1							1		1						3	
TOTALS	86	8	32	2	20	2	4	25	29	32	15	5	8	24	3	2	3	219 ^a	

a - Figures in the totals at right represent actual number of quarantine orders issued. In many instances they will not be the total of the figures in the State column, for the reason that more than one group of plants may be included in a single quarantine.

b - Alfalfa weevil quarantines of these States still require screening and certification of potatoes.

c - Such plants are included in the general nursery inspection of this State.

d - Alfalfa weevil quarantines of these States still require fumigation of nursery stock.

e - The Colorado quarantine relating to Colorado potato beetle applies to tomato and pepper plants, not potatoes.

Bureau of Entomology and Plant Quarantine
